16th July 2020	Reviewed and renewed
1 st September 2020	Assistant Headteacher for Inclusion replaced with Inclusion Leader, Keeping Children Safe in Education guidance updated to Sept 2020
27 th January 2022	Keeping Children Safe in Education guidance updated to Sept 2021 and Pupil Welfare committee involvement removed
26 th January '23	Keeping Children Safe in Education guidance updated to Sept 2022

Date agreed by Full Governing Board 26 th January 2023	
Date agreed for review Spring 2024	Frequency of Review Annual / two-year cycle / Three-year cycle
Responsibility for Review Headteacher / SENDCO	

Reay School is committed to providing a secure environment for pupils, where children feel safe and are kept safe. All adults at Reay School recognise that safeguarding is everyone's responsibility irrespective of the role they undertake or whether their role has direct contact or responsibility for children or not. In adhering to this policy, and the procedures therein, staff and visitors will promote a climate where children and adults will feel confident about sharing any concerns that they may have about their own safety or the well-being of others and will contribute to

Reay School's delivery of the best outcomes to all children, as set out in s10 (2) of the Children Act 2004¹. This Child

Protection Policy is one element within our whole school arrangements to Safeguard and Promote the Welfare of

Children in line with our statutory duties set out at s175 of the Education Act 2002 and s11 of Children Act 2004 "London Child Protection Procedures" and especially DfE Guidance 'Keeping Children Safe in Education' including the latest amendments in September 2022. These documents are kept in the Headteacher's Office, either in hard copy or e-copies.

We recognise that safeguarding is more than contributions to Child Protection matters and we will use the curriculum generally, and PSHE in particular, to ensure our pupils recognise risk and build resilience to manage any such risk themselves where appropriate to their age and ability. Pupils will be encouraged to make use of internal systems such as referring to key people in the school or voicing concerns in class through a worry box to whistle blow or raise any issue of safety in confidence.

We also recognise and accept that children have a right to be heard and will additionally facilitate this by creating opportunities for children to voice their feelings through the student council meetings and assemblies and where applicable we will review and modify our policies accordingly. Additionally, we will work in partnership with parents and carers and will encourage parents to comment on and contribute to the evolution of our policies by offering parent coffee mornings and conducting parent surveys.

In liaising with parents and carers we will ensure that they are reminded that Reay School has a duty to report concerns that we may have over the safety or wellbeing of a pupil as part of our statutory duties to protect children from significant harm and/or neglect. Parents and carers will also be reminded that, where appropriate, any referral will be discussed with parents and carers before the referral is made, however parents and carers will not be contacted nor will the referral be discussed where it is felt that to do so will place the child at an increased risk of harm.

In any event parents and carers will be reminded that all referrals are made in the best interest of the child.

Where a pupil is subject to a Child Protection Plan the Designated Safeguarding Lead (DSL) will monitor the pupil and the plan and ensure that the recommendations for Reay School as part of that CP Plan are delivered upon and the outcomes fed back as part of the child protection review process.

The Headteacher will also ensure that a member of teaching staff is appointed as a Designated Teacher for Children Looked After (DTCLA). This person will promote the educational achievement of our CLA Children and will also contribute to the 'in care reviews' and/or meetings regarding CLA children and to the child's Personal Education Plan (PEP).

¹ *the physical, mental health and emotional well-being of children; the protection of children from harm and neglect; the education, training and recreation of children; the contribution made by them to society; and their social and economic well-being.*

Our school's Child Protection Policy also draws upon the guidance contained in "Working Together, 2015", the

In delivering our responsibilities as set out in this policy Reay School will develop effective links with relevant agencies and co-operate with their child protection enquiries as appropriate, this will include providing reports and attending Child Protection Conferences and Reviews, Core Group Meetings, and CLA Reviews as requested. We will understand our role in these forums and will make the appropriate challenges to ensure decisions are made in the best interest of our pupil (and their siblings) to ensure the best possible outcomes. Where staff other than the DSL attends any of the aforementioned meetings Reay School will ensure that they are properly trained to do so and by attending such meetings they will have been given the appropriate authority to make decisions and commit resources on behalf of the school.

Following such meetings, we will ensure that all relevant information is co-ordinated and shared by holding confidential discussions between the DSL and the professionals who need to be informed.

Child Protection

All staff at Reay School must recognise and accept that children have a fundamental right to be protected from harm. In upholding this fundamental right, we recognise that there are four definitions of child abuse, including neglect, as defined in Chapter 1 of the 5th edition of the London Child Protection Procedures and as préciséd in this policy, which should be consulted as a reference document for full details of the definitions and recognition & response.

The four categories of child abuse are as follows:

1. Physical Abuse
2. Emotional Abuse
3. Sexual Abuse, and
4. Neglect

1. Physical Abuse

May include: Hitting, shaking, throwing, poisoning, burning, scalding, drowning, suffocating or otherwise causing physical harm to a child including the deliberate fabrication or causation of illness in a child (now known as Fabrication or Induced Illness FII).

May be recognised by: Physical injury such as bruising, bite marks, burns and scalds, fractures but also by aggressive behaviour or learning difficulties due to neurological damage.

It may also be an indicator of concern where a parent gives an explanation inconsistent with the injury or gives several different explanations for the injury. Other indicators of physical abuse may include flinching or cowering and accounts of how injuries have happened may be vague to inconsistent or are unexplained. Children may wear inappropriate clothing to cover marks or injuries and/or may be reluctant to go home.

It is not uncommon for children to have accidental bruises but bruising on the face, around the eyes, around the mouth, behind the ears or consistent with a grab or have the shape of an object (E.G brush, slipper, belt, hand etc) must be considered as possible indicators of harm as should multiple or repeated bruising to an area such as the head or an area unlikely to be bruised accidentally.

Any bruising on a pre-crawling or pre-walking baby must also be considered as possible indicators of harm. It is not appropriate for any member of staff to undress, photograph or body map any child in an attempt to see physical injury as this is the role of child protection and investigating agencies.

2. Emotional Abuse

May Include: the persistent emotional maltreatment of a child such as to cause severe and adverse effects on the child's emotional development. It may involve conveying to a child that they are worthless or unloved, inadequate, or valued only insofar as they meet the needs of another person. It may include not giving the child opportunities to express their views, deliberately silencing them or 'making fun' of what they say or how they communicate.

It may feature age or developmentally inappropriate expectations being imposed on children. These may include interactions that are beyond a child's developmental capability as well as overprotection and limitation of exploration and learning, or preventing the child participating in normal social interaction. It may involve seeing or hearing the illtreatment of another. It may involve serious bullying (including cyberbullying), causing children frequently to feel frightened or in danger, or the exploitation or corruption of children.

Some level of emotional abuse is involved in all types of maltreatment of a child, although it may occur alone.

Emotional abuse may be difficult to recognise as signs are usually behavioural rather than physical. Signs of emotional abuse may be associated or similar to other forms of abuse so presence of emotional abuse may indicate other abuse is prevalent as well.

3. Sexual Abuse

May Include: Involving or forcing or enticing a child to take part in sexual activities, whether or not the child is aware

of what is happening. Such activities may involve sexual acts (penetrative or non-penetrative) or may include involving children in watching or taking part in pornographic material or to encourage children to behave in sexually inappropriate ways.

May be recognised by: Inappropriate sexualised conduct, age inappropriate sexualised play or conversation, sexually harmful behaviour – contact or non-contact, self-harm, eating disorders, continual, inappropriate or excessive masturbation, anxiousness or unwillingness to remove clothes – sports / PE etc, pain or itching in genital area, blood on underclothes, bruising in genital region and / or inner thighs etc.

A sexually abused child may also be recognised by disturbed behaviour such as sadness, depression or loss of selfesteem. Disclosure of sexual abuse must be taken seriously as it is recognised that children are frequently scared to disclose due to guilt or fear and often children have taken great courage to disclose – therefore it is important not to minimise or give your own view or interpretation of their account.

All staff must be aware that a child under the age of 13 years is not legally capable of consenting to sexual activity and so sexual activity with a child under 13 is an offence under the Sexual Offences Act. Such activity will be taken to indicate that that child/ren are at risk of significant harm and must be referred accordingly in line with the agreed procedures as set out in the London Child Protection Procedures. Sexual activity with a child under 16 is also an Offence but may possibly be less serious than that of a child under 13, especially where children are of a

similar age and there is no power imbalance, coercion, or disinhibiter such as alcohol or drugs involved. However serious consideration will always need be given as to whether to refer where cases of sexually active children become known or are disclosed; as per the London Child Protection Procedures. In all cases you must discuss your concerns or share your knowledge with our Designated Safeguarding Lead for consideration of a referral to Social Care.

In light of the above all staff must recognise that sexual abuse of children is not an exclusively male practice and may be perpetrated by females but also other children; such abuse must not be treated with any less rigour in such cases.

See also the section on Child Sexual Exploitation (CSE).

4. Neglect

May include: The persistent failure to meet a child's basic physical and/or psychological needs, likely to result in the serious impairment of the child's health or development (growth and intellect) such as failing to provide adequate food, shelter (including keeping children safe), clothing, or neglect of or unresponsiveness to a child's basic emotional needs.

May be recognised by: Being constantly hungry; constantly tired; have a poor state of clothing; be emaciated; have untreated medical problems; be frequently late or have poor or non-attendance at school; have low self-esteem; display neurotic behaviour and/or have poor social relationships, have poor personal hygiene. A neglected child may also be apathetic, fail to thrive, be left with or in the care of adults under the influence of alcohol or drug misuse, or be left home alone².

Whilst we understand that children are resilient we will be alert to the negative cumulative effects of multiple instances of neglect. We also understand that such cumulative effects may overwhelm our pupil(s) and lead to poor outcomes. Therefore, we will not view single instances of neglect in isolation from any previous instances of neglect and will make a referral to children's social care accordingly.

Child on Child Abuse/ Peer on Peer

We often consider that most abuse is perpetrated by adults on children and we have a legal duty to uphold a child's fundamental right to be protected from harm, however we must also be aware that children can and do abuse other children in the ways outlined in this policy and the child's right to be protected from harm equally apply in such cases, even in situations where the child may be unaware that they are being abused. To this end we must be alert to this possibility and respond as we would if the abuser was an adult; following the procedures laid down in at Chapter 16th Edition). of the London Child Protection Procedures (5)

It must be remembered that staff responding to such instances should be alert to the risk the child poses to other children in addition to the risk to the victim(s). It must also be remembered that children who harm others are likely to have considerable needs themselves and may have witnessed violence in the family or have been exposed to physical or sexual harm themselves, or may have committed other offences.

Bullying

Bullying is a specific form of abuse which may be prevalent in schools and is defined as deliberately hurtful behaviour, usually repeated over a period of time where it is difficult for the victims to defend themselves; this may also be seen as child on child abuse as noted above.

² *Whilst there is no set age in law for a child to be legally left home alone the responsibility rests with the parents to make satisfactory arrangements for the care of their children and must not leave their children unsupervised" in a manner likely to cause un-necessary suffering or injury to health of the child". A referral will be made to Social Care where our school has concerns that the arrangements that a parent makes is unsafe and thus renders the child/ren at risk of significant harm; this may also include independent travel arrangement and collection / escorting arrangements by others, including siblings, that the school considers unsafe.*

The extent of bullying can include emotional and / or physical harm to such a degree that it constitutes significant harm, as set out in the definitions above, due to the extent to which it affects the health or development of the child subject to the bullying behaviour. Bullying may also be perpetrated within digital or ICT based environments, sometimes known as Cyber-Bullying, and may include 'Sexting'; which must be treated as seriously as any other form of bullying and dealt with accordingly.

It must be noted that bullying may also constitute criminal behaviour and therefore certain instances of bullying may need to be reported to the police.

Please refer to our separate Anti-Bullying Policy and Acceptable Use of Digital Technologies Policy for further information.

Child Sexual Exploitation (CSE)

We recognise that the sexual exploitation of children is a particular form of child sexual abuse and involves exploitative contexts and relationships where the child receives 'something' such as food, accommodation, drugs, alcohol, cigarettes, affection, gifts or money etc. as a result of performing, and/or others performing on them, sexual acts or activities.

We also recognise that Child Sexual Exploitation can occur through use of technology without the child's immediate recognition, for example the persuasion to post sexual images on the Internet/mobile phones without immediate payment or gain. In all cases those exploiting the child have power over them by virtue of their age, gender, intellect, physical strength and/or economic or other resources.

Violence, coercion and intimidation are common, involvement in exploitative relationships being characterised in the main by the child or young people's limited availability of choice resulting from their social/economic and/or emotional vulnerability.

Criminality and associations with local gangs can increase the risks of young people being sexually exploited.

We are aware that in many cases the child may not understand or even believe that they are part of a sexually exploitative arrangement and to that end may encourage other peers to become sexually exploited, knowingly or otherwise.

We will attend and cascade as appropriate relevant training on CSE so that we understand CSE as a staff group and will use the CSE Risk Matrix when assessing whether a child is at risk of CSE.

The following members of staff has lead responsibility for CSE; Caroline Andrews- Headteacher, Kate Hartill -Deputy Headteacher, Veronika Andraskova- i

Domestic Violence

We recognise that Domestic Violence (DV) usually impacts on all aspects of a child's life only varying according to the child's resilience or otherwise to his or her particular circumstances.

We also recognise that even where the child is not the direct target of the DV the harm caused to the child/ren can be significant through emotional and physical abuse and often neglect as the victim's capacity to parent effectively and protect their child/ren is diminished through a preoccupation with their own survival at the expense of an awareness of the effect that the abusive relationship is having on their child/ren

At Reay School we will be alert to the possibility of Domestic Violence and allow an opportunity for the abused partner (predominantly the woman but not exclusively so) to disclose. We will treat that disclosure sensitively and refer the matter to Social Care where there is a child or children at risk of significant harm and/or neglect or signpost the abused person to the appropriate protective / supportive services.

We also recognise that other practices are defined as Domestic Violence, such as so called Honour Based Violence, Forced Marriage and Female Genital Mutilation. The definition of Domestic Violence, revised in 2013, also includes, any pattern of controlling or coercive or threatening behaviour, (psychological, physical, sexual, financial or emotional) between those aged 16 or over who are or who have been intimate partners or family members regardless of gender or sexuality.

Forced Marriage

At Reay School we recognise that forced marriage as an abuse of human rights and a form of domestic abuse and, where it affects children and young people, child abuse.

Forced marriage, as distinct from arranged marriage, is conducted without consent and under duress. We therefore accept that coercion and duress may be perpetrated by partners but also by extended family members and that this constitutes Domestic Violence, in line with the Government's definition of domestic violence and is closely linked to so called Honour Based Violence.

In cases of forced marriage, we will follow the guidance as set out in the London Child Protection Procedures as a child who is being forced into marriage is at risk of significant harm through physical, sexual and emotional abuse. If any member of staff receives a disclosure or is aware that a Forced Marriage is about to happen this must be disclosed to the Designated Senior Lead Person for Child Protection without delay so that the appropriate referrals may be made and/or protective measures may be put in place, especially as the child/ren may be taken out of the country.

Female Genital Mutilation (FGM)

It is accepted that some female pupils in our school may be at risk of being subject to Female Genital Mutilation (FGM). FGM is defined by the World Health Organisation as: all procedures, but not therapeutic or essential surgical operations, which involve partial or total removal of the external female genitalia or injury to female genital organs for non-therapeutic reasons. FGM is considered as a cultural norm by some communities and some also consider FGM necessary for religious reasons.

We will always challenge such abusive cultural norms as the welfare and safety of the child is always paramount, equally we also recognise that FGM is not endorsed as a religious practice.

In any event it is illegal in the UK to subject any child to FGM. It is also illegal take a child abroad to undergo FGM. This applies equally to one of our pupils who is a UK national or is habitually resident in the UK. Reay School will follow the procedures for dealing with cases of FGM as set out in the London Child Protection Procedures, the Serious Crime Act 2015 and any procedures on tackling FGM as set out by the Lambeth Children's Safeguarding Board. We will always seek advice before making a referral to Children's Social Care, however in cases where the removal of a child from this country for FGM is imminent we will contact the Police directly.

From a Child Protection perspective, a child for whom FGM is planned is at risk of significant harm through physical and emotional abuse, it may also be considered as sexual abuse.

Typical identifiers / triggers are:

- Family comes from a community known to practice FGM
- Family / child talks about a long holiday
- Family / child may ask to be excused PE / swimming on return
- Family / child may confide that she is going to a 'special ceremony' when on holiday
- Female child is known to have a mother that has been subject to FGM
- Female child is known to have a sister that has already undergone FGM
- Family are socially isolated or less well integrated into UK society
- Family withdraws female child from PSHE / SRE – to keep child less informed about their body

We will identify and monitor any pupil at Reay School who may be at risk of FGM.

Equally the pupil may be aware of what is going to happen and make a disclosure / seek help.

If any member of staff receives a disclosure or is aware that a FGM is about to happen this must be disclosed to the Designated Senior Lead Person for Child Protection without delay so that the appropriate referrals may be made and/or protective measures may be put in place, especially as the child/ren may be taken out of the country.

Where a child has disclosed that they have undergone FGM we will notify the Police immediately as per our duty under s74 of the Serious Crime Act.

When discussing FGM with the family we will NOT use other family members, friends, neighbours or persons of respect or high standing within that community as an interpreter.

Extremism and Radicalisation

Recognising Extremism

Early indicators of radicalisation or extremism may include:

- showing sympathy for extremist causes
- glorifying violence, especially to other faiths or cultures
- making remarks or comments about being at extremist events or rallies outside school
- evidence of possessing illegal or extremist literature
- advocating messages like illegal organisations or other extremist groups
- out of character changes in dress, behaviour, and peer relationships (but there are also compelling narratives, programmes, and networks that young people can come across online, so involvement with groups may not be apparent.)
- secretive behaviour
- online searches or sharing extremist messages or social profiles
- intolerance of difference, including faith, culture, gender, race, or sexuality
- graffiti, artwork or writing that displays extremist themes
- attempts to impose extremist views or practices on others
- verbalising anti-Western or anti-British views
- advocating violence towards others

We will carry out a self-evaluation and risk assessment of our school, as per statutory guidance, to assess the potential risk of radicalisation to our pupils and staff. We will help support pupils who may be vulnerable to such influences as part of our wider safeguarding responsibilities and where we believe a pupil is being directly influenced by extremist materials or influences we will make the appropriate referrals. In such instances our school will ensure that pupil is offered mentoring and seek external support from the Local Authority and/or local partnership structures working to prevent extremism through the PREVENT and CHANNEL programmes

Protecting pupils against extremism and radicalisation is safeguarding. All staff have received Prevent Duty training. Through our curriculum we will promote British values and promote pupils' spiritual, moral, social and cultural development.

For example; this could be due to a child displaying risky behaviours in terms of the activities they are involved in or the groups they are associated with. Equally staff may become aware of information about a child's family that may equally place a child at risk of harm or a pupil may disclose that they are being exposed to extremist views or practices at home or in their community. (These examples are for illustration and are not definitive or exhaustive)

All adults working in Reay School (including visiting staff, volunteers' contractors, and students on placement) are required to report instances where they believe a child may be at risk of harm or neglect to the Designated Safeguarding Lead or Headteacher, including any harm believed to be through extremism or radicalisation.

Modern Slavery

At Reay Primary School we understand that modern slavery encompasses human trafficking and slavery, servitude and forced or compulsory labour. Exploitation can take many forms, including sexual exploitation, forced labour, slavery, servitude, forced criminality and the removal of organs. We refer to the DfE guidance on [Modern slavery: how to identify and support victims](#) for concerns of this nature.

Safeguarding responses to children who go missing

Knowing where children are during school hours is an essential aspect of Safeguarding. Missing school can indicate abuse and neglect and may raise other issues, including the criminal exploitation of children.

We monitor attendance carefully and address poor or irregular attendance without delay.

We will always follow up with parents/carers when pupils are not at school. This means we need to have a least two up-to-date contact numbers for parents/carers. Parents should remember to update the school as soon as possible if the numbers change.

In response to the guidance in Keeping Children Safe in Education (2022), the school has:

1. Staff who understand what to do when children do not attend regularly
2. Appropriate policies, procedures and responses for pupils who go missing from education (especially on repeat occasions).
3. Staff who know the signs and triggers for travelling to conflict zones, FGM and forced marriage.
4. Procedures to inform the local authority when we plan to take pupils off-roll when they:
 - a. leave school to be home educated
 - b. move away from the school's location
 - c. remain medically unfit beyond compulsory school age
 - d. are in custody for four months or more (and will not return to school afterwards), or
 - e. are permanently excluded

We will ensure that pupils who are expected to attend the school but fail to take their place will be referred to the local authority.

When a pupil leaves the school, we will record their new school's name and expected start date.

Mental Health

All staff at Reay I Primary School and know that mental health problems can, in some cases, indicate that a child has suffered or is at risk of abuse, neglect or exploitation.

School staff are not expected or trained to diagnose mental health conditions or issues but may notice behaviours that may be of concern.

If staff have a mental health concern about a child that is also a safeguarding concern., immediate action should be taken by speaking to the designated safeguarding lead or a deputy.

At Reay all concerns are immediately reported to the DSL and recorded on Safeguardmyschool, our internal reporting system. Steps are then put in place to provide the necessary support. This could include discussing concerns with parents and advising about support that could be provided.

We understand that where children have suffered abuse and neglect, or other potentially traumatic adverse childhood experiences, this can have a lasting impact throughout childhood, adolescence, and adulthood. Therefore, through training, staff know how children's experiences can impact their mental health, behaviour, and education. All staff are aware that if they have a mental health concern about a child that is *also* a safeguarding concern, they should take immediate action by passing the information on to a Designated Safeguarding Lead.

Online Safety

At Real Primary School, we manage this risk by:

When children use the school's network to access the internet, they are protected from inappropriate content by our filtering and monitoring systems which are regularly reviewed for their effectiveness. However, many pupils can access the internet using their data plan.

Staff are aware that technology is a significant component in many safeguarding and wellbeing issues. Children are at risk of abuse online as well as face to face. We understand that in many cases, abuse will occur concurrently via online channels and in daily life. We know that children can also abuse their peers online. This abuse includes harassing and misogynistic messages, the non-consensual sharing of indecent images, especially around chat groups, and the sharing of offensive videos such as pornography.

Cybercrime

We understand that cybercrime is a criminal activity using computers and the Internet. It is broadly categorised as either 'cyber-enabled' (crimes that can happen offline but are enabled at scale at speed) or (crimes that can be committed only by computer).

If there are concerns about a child in this area, the designated safeguarding lead will consider a referral to the [Cyber Choices programme](#), which aims to intervene where young people are at risk of committing or being drawn into low-level cyber-dependent offences and divert them to the more positive use of their skills and interests. It aims to intervene where young people are at risk of committing, or being drawn into, low-level dependent offences and divert them to the positive use of their skills and interests.

Responsibility and Immediate Action

All adults working in Reay School (including visiting staff, volunteers, contractors, and students on placement) are required to report instances of actual or suspected child abuse or neglect as outlined above to the Designated

Safeguarding Lead or Headteacher. In Reay School our reporting arrangements are, as follows;

Adult Reports incident in writing on a Serious Incident form DSL then records all further communications in writing.

Written records are kept in a secure filing cabinet in DSL's room

In line with our commitment to ensure every child has the right to be heard children may disclose to an adult member of staff any abuse or neglect they may be subject to, however in recognising that children can and sometimes do abuse other children our pupils may also report such abuse by talking to an adult and writing down what happened if able.

The Designated Safeguarding Lead (FSL) is Caroline Andrews (Headteacher).

The Designated Teacher for Children Looked After is Veronika Andraskova.

Where a disclosure is made by a child or where there are signs that a child is suffering significant harm or is likely to suffer significant harm or is being neglected the Designated Safeguarding Lead may take advice before making a referral to Lambeth's Referral and Assessment (R&A) Duty Intake Team/Multi Agency Service Hub (MASH).

Where there are any doubts as to the seriousness of this concern or disagreement between the Designated

Safeguarding Lead and the member of staff reporting the concern, advice will also be sought from the Head Teacher

(if not the same person) and/or Lambeth Children's Social Care Duty Intake Team and/or the Local Authority Lead Officer for Education Safeguarding or his deputy.

In circumstances where a child has a suspicious injury that requires urgent medical attention, the CP referral process should not delay the administration of first aid or emergency assistance. If a pupil is thought to be at immediate risk (because of parental violence or intoxication, for example) urgent police intervention may be requested. Particular vigilance will be exercised in respect of children who are known to be subject to a Child Protection Plan and any incidents or concerns involving these children will be reported immediately to Lambeth Children's Social Care (and confirmed in writing).

This will also be the case for other children who may be considered vulnerable such as disabled children, SEND children or Children Looked After for example.

In all cases of injury to a child consideration will always be given as to whether an urgent paediatric medical assessment is required to document injuries or to protect any forensic evidence.

Where it is suspected that a child may be at further risk of significant harm if the parent is spoken to, nothing will be said to the child's parent/carer without first discussing the matter with Lambeth Children's Social Care R&A Duty Intake Team.

All staff must understand that there are no circumstances under which a member of staff may promise a child that they will keep any disclosure a secret or confidential – they must always pass this information on in the best interest of the child

Role of the Designated Safeguarding Lead

The Designated Safeguarding Lead works in line with the responsibilities as set out in **Keeping Children safe in Education 2022 in respect of referrals, training and awareness raising**. The Designated Safeguarding Lead is the focus person and local 'expert' for school staff, and others, who may have concerns about an individual child's safety or well-being and is the first point of contact for external agencies that are pursuing C.P. investigations.

The Designated Safeguarding Lead also co-ordinates the school's representation at C.P conferences/core groups and the submission of written reports for such CP meetings. The Designated Safeguarding Lead will ensure that if staff members other than the Headteacher or a Deputy are to attend a child protection meeting that they are appropriately trained to do so and have been given the authority to make decisions and commit resources on behalf of the school.

When an individual concern/incident is brought to the attention of the Designated Safeguarding Lead they will be responsible, if appropriate, for obtaining advice from Local Authority Lead Officer for Education Safeguarding or his/her deputy and/or consulting with Lambeth Children's Social Care as appropriate to decide whether or not this should be formally referred as a child protection case.

The Designated Safeguarding Lead will ensure that all child protection records are kept separately from pupil records are stored securely, by encryption and/or password protecting electronic files or ensuring that paper records are secured in a locked cabinet with restricted access.

The Designated Safeguarding Lead will have oversight of the delivery of school recommendations within Child Protection Plans and will disseminate information to relevant staff members as appropriate. The Designated Safeguarding Lead will keep the Headteacher, and Governing Board advised of all such matters including where Child Protection Plan recommendations are met or otherwise.

Role of Governing Board

In line with the provisions set out in the DfE guidance 'Keeping Children Safe in Education', including September 2021 update, the governing board will challenge the school's senior management team on the delivery of this policy and monitor its effectiveness. Governors will review this policy every year and may amend and adopt it in accordance with any new legislation or guidance or in light of their quality assurance of the delivery of this policy and the overall safeguarding arrangements made.

In doing so neither the governing board as a whole nor individual governors have any role in dealing with individual child protection cases, except in the discharge of their functions in dealing with an allegation of abuse against the Headteacher.

In cases of allegations against the Headteacher it will be the Chair of Governors, as the ‘Child Protection’ link governor, who will carry out this statutory function.

At Reay School we also have a governor responsible for championing child protection and safeguarding issues within the school and on the governing board. Please note this is not the role outlined in the above paragraph. This governor will liaise with the Headteacher on child protection and safeguarding matters and may submit reports to the governing board. Currently the governing board has appointed Caroline Harrison (co-chair) to this role.

All governors attend safeguarding training and keep up to date with safeguarding and child protection procedures and regulations.

Emergencies

In emergency situations, where an ambulance (or other emergency service) is called, we will ensure that the correct address and post code is given so that navigation to the site is not hampered.

Additionally, we will always station a member of staff at the roadside entrance or gate to direct the emergency service personnel to the site of the emergency. We will ensure that the gate or access control system is open so as not to hinder access by the emergency services.

Training

Whole school in-service training will be organised for staff and governors at least every three years and will comply with the prevailing arrangements agreed by the Local Authority and Lambeth’s Safeguarding Children Board and will be in line with the training groups outlined in ‘Working Together to Safeguard Children 2018’. The Designated Safeguarding Lead will attend Lambeth or London training courses as necessary and the appropriate inter-agency training organised by organisations such as the Lambeth Safeguarding Children Board at least every two years. The Deputy Designated Safeguarding Lead will also be given the opportunity to attend these courses.

All staff will receive mandatory induction, which will include familiarisation with our Child Protection and Safeguarding arrangements, the procedures to be followed in cases of concern as set out in this policy document and the name of our Designated Safeguarding Lead. As set out in Keeping Children Safe in Education staff will also receive a copy of the Staff Code of Conduct/Staff Behaviour Code.

All staff will also be issued with a copy of the summary of Part One the Government guidance ‘Keeping Children Safe in Education’ and will sign to indicate that they have received, read and understood the document.

Supply and other temporary staff will also be given the documents outlined in the preceding paragraphs, and other relevant policies, on arrival by office staff.

Recruitment

The arrangements for recruiting all staff to our school will follow the DfE guidance for safer recruitment best practice in education settings, the prevailing staffing regulations, and guidance

from the Disclosure & Barring Service (DBS). Reay School is a ‘specified place’ under the definition of Regulated Activity and therefore all those that work in our school carries out work that is considered to be Regulated Activity. This means that all staff will be subject to stringent Safer Recruitment best practice including a range of conditions such as satisfactory references and an Enhanced Disclosure and Barring Service (DBS) check to include a Children’s Barred List check.

Volunteers will be subject an Enhanced DBS Check but without a Barred List Check as they will not work alone with children and be suitably supervised at all times; in line with current Government guidance.

A single central record (SCR) will be kept of all vetting checks, which will also include verification of the member of staff’s identity, which will be via photographic means (Driving Licence, Passport, ID card etc.). Also any relevant qualifications and permission to work in the UK for non-EU and EU nationals. In Reay School we will ensure that DBS checks are renewed every three years for all staff, and will be a condition of service. This full renewal may be waived where the member of staff subscribes to the DBS Update Service and the status check is satisfactory and repeated three yearly.

All staff in Regulated Activity, including teaching and childcare/support staff, must by law be checked against the

DBS’s Children’s Barred List prior to their appointment as part of the vetting process, and a separate DBS Children’s List check will be made where a DBS Check has been applied for but not returned by the start date for all staff working unsupervised in regulated activity. Our school will only use employment agencies that positively vet their supply staff and confirm in writing that DfE / DBS compliant checks have been carried out. Staff joining our school on a permanent or temporary basis will be informed of the CP policy and the school’s Child Protection and Safeguarding arrangements as part of induction, as set out above.

We will also conduct a check of the DfE Prohibitions Order List for all teachers to verify they are not subject to a prohibition order or interim prohibition order or whether they have not attained qualified teacher status (QTS) or that they have had QTS status removed. Prohibition Orders relates to teacher misconduct cases which may or may not be related to safeguarding matters. Therefore, the check of the DfE Prohibitions Order List is in addition to the check of the DBS Barred List.

Additionally, we will make arrangements to ensure that we do not knowingly employ any person in our Early Years Foundation Stage (Nursery and Reception) or our After School activities (Nursery to Year 6) who have been disqualified from such work under the Childcare Act 2006 as set out in the Childcare (Disqualification) Regulations 2009. Only staff within our early years’ teams, after school clubs and their direct line managers will be asked to make the relevant declarations.

The single central record (SCR) will include the status of these checks and date these checks were made and by whom.

Our school has a legal duty to refer to the Disclosure and Barring Service (DBS) anyone who has harmed, or poses a risk of harm, to a child or if we have a reason to believe the member of staff has committed one of a number of listed offences and as a result we have removed them from working in Regulated Activity.

Such referrals to the DBS equally apply to paid or unpaid staff where we are the employer and also applies where we would have removed that person from Regulated Activity had that person not resigned from our employment.

Volunteers

In line with the guidance on safer recruitment from the DfE and the Disclosure & Barring Service (DBS), it is expected

that all volunteers will be suitably supervised. Thus volunteers may be subject to an Enhanced DBS Check but without a check of the Children's Barred list, as supervised activity does not fall under the definition of Regulated Activity.

Therefore, all volunteers will work under the direct management of an established staff member, who is in Regulated Activity and vetted accordingly, and all volunteers will be subject to the same code of conduct as paid employees of our school. Reay School will provide volunteers with appropriate induction and volunteers will have a 'job description' pertaining to the volunteering role they are to perform.

As noted above; all staff, including volunteers, will be inducted which will include the provision of schools' policies and procedures, this will include any temporary volunteering staff.

Physical Intervention and Safe Working Practice

All staff (paid and voluntary) are expected to adhere to a code of conduct in respect of their contact with pupils and their families. Children will be treated with respect and any rewards and sanctions should follow those detailed in our school's Behaviour Management Policy. Whilst it would be unrealistic and undesirable to preclude all physical contact between adults and children, staff should avoid placing themselves in a position where their actions might be open to criticism or misinterpretation.

As noted in our Use of Reasonable Force Policy, force may be used to control or restrain children. Restraint or positive handling should only be used as a last resort. Where incidents occur that might otherwise be misconstrued or where it becomes necessary to physically restrain or use force to control a child this may be done so for the following reasons;

1. for their own safety,
2. the safety of others, and/or
3. to prevent a criminal act or to maintain good order and discipline.

As per best practice advice such incidents will be recorded and reported to the Head Teacher and may be reported to parents as appropriate as per best practice advice. Our Use of Reasonable Force procedures are in line with prevailing DfE Guidance on the Use of Reasonable Force. Refer to our separate policy on positive handling / restraint and the reasonable use of force.

³ *Regulated Activity is work that a barred person must not do. Work is only considered to be Regulated Activity where it is carried out unsupervised at least once per week or more often, or on four or more days in a thirty day period, or overnight.*

For their own safety and protection, staff should exercise caution in situations where they are alone with pupils.

School staff should also be alert to the possible risks that might arise from contact with pupils outside of school, including contact when using digital technologies which should be for school purposes only and through school equipment/numbers/digital addresses, not personal equipment / devices or personal numbers, email addresses or other such sites. It is expected that staff will always decline requests from pupil to be ‘friends’ on social networking sites. The Head Teacher must always be made aware of any such contact or approach from pupils.

First Aid should only be administered by qualified first aiders including Paediatric First Aid trained staff in our early years phase, KS1 and KS2, and if it is necessary for the child to remove clothing for this treatment, there should be, wherever possible, another adult present. If a child needs help with toileting or washing after soiling themselves another adult may be present or within earshot whilst always recognising the child’s right to privacy and dignity.

When children are admitted to our school, parents/carers will be asked to give permission for changing their wet or soiled clothes in school.

Where a child may require regular, intimate care e.g. nappy or incontinence pad changing parents/carers will be asked to sign a form giving their permission. Likewise, staff involved in the intimate care will be asked to sign a form indicating their willingness to be involved in the intimate care required. If a member of staff is providing any form of intimate care, another member of staff will, as far as possible, be present or nearby taking into account the child’s right to privacy and dignity. As far as is practically possible, children will be asked whether they would like an adult of the same sex to be present.

Changing for Physical Education (PE) lessons

(As our children get older, and at least from the age of 8 years onwards, they will be given the opportunity to change for PE in single sex areas.)

Handling Complaints and Dealing with Allegations Against Staff

Complaints and Allegations are different, and are dealt with differently. Parents have the right to make a formal complaint against the action of the school and/or its employees and such complaints will be dealt with in line with Reay School’s Complaints Procedures.

However, where it is clear that the complaint fulfils the ‘allegations test’ the matter will be dealt with in line with the agreed Allegations Procedures and our complaints process will be suspended or even wholly replaced by the procedures for dealing with allegations against staff. These are set out in Part 4 of ‘Keeping Children Safe in Education – 2015’

Reay School takes all allegations made against members of staff seriously.

Mechanisms are in place for pupils, parents/carers and staff to share any concerns that they might have about the actions of any member of our school staff.

All such allegations will be dealt with in line with agreed procedures for managing allegations against staff and in our school must be brought immediately to the attention of the Head Teacher, **not** the Designated Safeguarding Lead (unless that is the same person) in order that the appropriate procedures may be followed.

All allegations will be dealt with in line with Part 4 of ‘Keeping Children Safe in Education’.

Parents should also be advised of their independent right to make a formal complaint to the Police.

If the allegation concerns alleged abuse by the Head Teacher, this again should **not** be brought to the attention of the Designated Safeguarding Lead nor the nominated CP Champion Governor. Any allegation pertaining to the Headteacher **must only** be brought to the attention of the Chair of Governors who will consult with Lambeth's Education Services Lead Officer and/or Lambeth Children's Social Care via the Local Authority Designated Officer (LADO).

Staff who are formally disciplined for any abuse of pupils (or who resign before disciplinary action can be instigated) will be notified to the Local Authority, if they are not already part of this process, and must be referred to the Disclosure and Barring Service, for their consideration of possible inclusion on their list of persons barred from working with children and young people.

Greater detail on the procedures for managing allegations against staff are to be found in our separate policy pertaining to this area as outlined above and the procedures set out in that policy should be followed in these circumstances

Records

Accurate written notes will be kept of all incidents or CP concerns relating to individual children. If a teacher or other staff have a child protection concern they should record this on a Serious Incident Form, these will be kept on the pupil's Child Protection file and uploaded in to the confidential section on the EduKey Provision Map programme.

Child Protection records are not available to pupils or parents due to the confidential nature of the content. Child Protection records are kept by the Designated Safeguarding Lead separately from educational/pupil records, and can only be accessed by the Designated Safeguarding Lead or their Deputy, or the Head teacher. Other members of our school's Senior Management Team may have access to certain information on a need to know basis, as appropriate.

Where a child moves from Reay School any Child Protection records or files will be forwarded to any receiving school within five days of that new provision being confirmed. The CP file will be sent separately to the pupil file.

Policy Adoption, Monitoring and Review

This policy was considered and adopted by the Governing board in line with their overall duty to safeguard and promote the welfare of children as set out in the DfE guidance 'Keeping Children Safe in Education'.

Parents will be issued with a hard copy of this policy on request. This policy will also be made available to parents via the school office and school website.

At Reay School the Headteacher will actively evaluate the effectiveness of this policy by monitoring the staff group's understanding and application of the procedures within this policy as their overall duty to safeguard children. This may include monitoring the appropriateness of cases referred internally to the Designated Senior Lead Person for Child Protection and whether those cases referred to Lambeth Social Care met their threshold and were taken forward.

This policy will be reviewed at least annually by the Inclusion Leader and the Headteacher and reported to the Governing Board.
