

Knowledge and Progression in Algebra, ratio and proportion

| Early Learning Goals | Identifying patterns, continuing and creating patterns with objects, colours, shapes and numbers | | | | | |
|-----------------------------|--|---|---|---|---|---|
| Year Group | Year 1 | Year 2 | Year 3 | Year 4 | Year 5 | Year 6 |
| Algebra | | <p>Solve one-step problems that involve addition and subtraction, using concrete objects and pictorial representations, and missing number problems such as $7 = \square - 9$</p> <p>Represent and use number bonds and related subtraction facts within 20</p> | <p>Recognise and use the inverse relationship between addition and subtraction and use this to check calculations and missing number problems.</p> <p>$20 - \square = 15$ $15 + \square = 20$</p> <p>Recall and use addition and subtraction facts to 20 fluently, and derive and use related facts up to 100</p> <p>$3 + 7 = 10$; $10 - 7 = 3$ and $7 = 10 - 3$ to calculate $30 + 7 = 100$; $100 - 70 = 30$ and $70 = 100 - 30$.</p> | <p>Solve problems, including missing number problems, using number facts, place value, and more complex addition and subtraction solve problems, including missing number problems, involving multiplication and division, including integer scaling</p> | <p>Perimeter can be expressed algebraically as $2(a + b)$ where a and b are the dimensions in the same unit.</p> | <p>Use the properties of rectangles to deduce related facts and find missing lengths and angles Pupils calculate the perimeter of rectangles and related composite shapes, including using the relations of perimeter or area to find unknown lengths. Missing measures questions such as these can be expressed algebraically, for example $4 + 2b = 20$ for a rectangle of sides 2 cm and b cm and perimeter of 20cm.</p> |
| Ratio and proportion | | | | | | <p>Solve problems involving the relative sizes of two quantities where missing values can be found by using integer multiplication and division facts Solve problems involving similar shapes where the scale factor is known or can be found Solve problems involving unequal sharing and grouping using</p> |

| | | | | | | |
