NO
FULL STOP
TO LEARNING**

YEAR 4 NEWSLETTER – SUMMER 1

Dear Parents and Carers,

We hope you had a lovely Easter break and that the children are rested and ready for a busy Summer term!

This term our topic is India and we will be learning all about the geography, history and culture of this exciting country. In science, we will be learning about states of matter and investigating how materials change state when they are heated or cooled. Please see the attached curriculum box for more information.

Swimming lessons have now finished and P.E will be taught on a Wednesday and Friday. Please remind your child to bring in their P.E kits on those days.

We hope your child enjoyed practicing their instruments over the holidays! Please remind them to bring in their instruments on a Thursday for their music lesson.

This term, the children will be visiting a local church as part of their R.E topic on Christianity. More details to follow.

Spellings will continue to be sent home on Thursdays to practice for a test a week later. Please encourage your child to practice their spellings each week. The children also need to practice their times tables for 5 minutes a day at least four times a week so that they are really confident at recalling all times tables and division facts up to 12 x 12.

It is also essential that children are reading at home every day, as well as at school as this has a major impact on how confident they are at writing. If you are struggling to find books that your child enjoys then please do ask us for some book suggestions.

Also, please find attached ideas for this term's homework project. We look forward to some colourful and interesting creations!

**Best wishes,
Lucy Hall, Nancy Manning and Nancy Headlam**
